

How to use the Blood monitoring worklist

Logon and click Worklists, then click IBD Worklists:

Worklists - IBD Worklists

Select Blood monitoring from the Summary View drop-down menu:

Blood monitoring

The Blood monitoring worklist is displayed:

Patients whose next blood tests are overdue are highlighted in pink. Click a row to view the patient's record.

To use the worklists correctly please read the help notes. [Click here](#)

Summary View: Blood monitoring Query: Blood Monitoring by Hospital Refresh

Drag a column header and drop it here to group by that column

NHS/CHI Number	Hospital Number	Forename	Surname	Monitored By	Most recent blood test	Next blood test due	Countdown (days) ↑
415 748 0309	S09895	JIM	GROOPER	Hospital	02/08/2021	01/12/2021	-2
123 456 1111	D123456	C	COLITIS	Hospital	08/10/2021	25/01/2022	33
123 345 8712	xp1234	FRANCESCA	FAUX	Hospital	01/12/2021	01/12/2022	88

Showing 1-3 from 3 rows

Click a row to view the patient's record

The list can be toggled to display patients undergoing monitoring by the hospital or by the GP by selecting from the Query drop-down menu:

The dates on the worklist are driven from the Blood Monitoring fields on each patient's Homepage:

Blood Monitoring fields

When a blood test has been done, update the date fields on the patient's Homepage, which will automatically keep the Worklist up to date.
